Hello everybody, this is just to let everybody know what we are up to at the moment. We are now settled down in Victoria Barracks Windsor. We arrived on the afternoon of the 7th March straight after a Guard of Honour for the President of Brazil. Within a couple of days the offices were sorted and the blokes were getting settled in, into their new accommodation.

The Drum Major has kept the Corps very motivated with doing a lot of stand practice and a lot of full practices. With that all going on we had to provide musical support to the duty teams as they were practising the Guard Mount, so as you can all imagine this has been a very busy period. The young lads are starting to get used to life in the Corps whilst we are here as it is totally different for us to being in Aldershot.

The Drum Major has also been working the Lance Sergeants very hard on the drill square, getting them used to mace drill as they will most likely be required to take the Corps down the Mall on a lot of occasions. We are on a well earned two week break for easter and then we will hit the ground running as we need to start preparing for Major Generals, another new experience for the young lads ha ha ha ha. We will all be looking forward to seeing you all at the Drummers Re-union,

so take care all, Cheers Ben Roberts.
